RE: Envision Lakeville Task Force Meeting – September 13, 2023
DATE: September 8, 2023

On Wednesday September 13th, the Envision Lakeville Task Force will hold its third meeting. The focus of the meeting, as reflected in the agenda, will be:

1. A group discussion to decide whether to sustain or change the **Priorities** of [Envision Lakeville](#), based upon stakeholder feedback and Task Force perspectives.
2. Discuss proposed modification of the Envision Lakeville format to emphasize the Priorities and link the Community Values to them.

Envision Lakeville Priorities

In August, the Task Force received information and data collected for the 2023 Envision Lakeville review, along with links to other relevant information. In addition, each member of the Task Force brings a unique personal perspective to the work of the Task Force. Drawing from this information and experience, you are asked to make a decision regarding the ongoing relevance of the five Envision Lakeville priorities, or whether change is warranted. This will begin on September 13th.

Be prepared with to share your opinion(s) and actively engage in the group discussion.

Priorities and Values

When the Envision Lakeville Vision Plan was first developed, a conscious effort was made to start the process by identifying a set of community values. This was done to set a foundation for creating a community vision and establishment of priority actions.

The Community Values, Priorities and Vision work well to explain the overall narrative of Envision Lakeville. From a practical standpoint however, the City of Lakeville and the broader community typically discuss the plan and its implementation by referencing the Priorities.

Going forward, the City believes that implementation of Envision Lakeville will be enhanced by displaying the Priorities prominently as the “action” portion of Envision Lakeville, and the Community Values as the “foundation”. To enable this, a draft linkage of Priorities and Values has been developed (next page) for consideration.

Please look this over and be prepared to approve or suggest amendments to the alignment proposed.
