

**PROCEDURES FOR PLAN REVISIONS  
DURING CONSTRUCTION**

**SECTION 11**

## **PROCEDURES FOR PLAN REVISIONS DURING CONSTRUCTION**

1. REVIEW:

A...One (1) copies of the plan sheet(s) showing the proposed revision(s) shall be submitted to the City for review.

1...Plan sheet(s) should be accompanied by a written explanation of the reason(s) for the proposed revision(s).

B...Forty-eight (48) hours shall be allowed for the initial review.

2. APPROVAL:

A...If not approved, notification will be given to the Developer's Engineer.

B...If not approved as submitted, one (1) copy of the plan sheet(s) will be returned to the Developer's Engineer with required corrections or changes noted in red.

C...If approved as submitted, notification will be given to the Developer's Engineer.

NOTE: Following plan revision approval, the Developer's Engineer shall provide the City with five (5) copies of the revised plan sheet(s). These shall be provided prior to any construction of work which is affected by these revisions.

It shall be the Developer's Engineer responsibility to ensure that all field changes are included with as-built drawings. All field changes need new x, y, and z coordinates established per Section 1 of the City of Lakeville's Standard Specifications.
